

REMARKS

By the forgoing, the Applicants have amended the specification to Figures 1A-1L for original Figure 1, thereby satisfying all drawing requirements. No new matter is introduced by the substitute figures or the references thereto added to the amended specification. The Applicants do not intend by these or any other amendments to abandon the subject matter of any claim as originally filed, and reserve the right to pursue such subject matter in this application or related applications.

Also submitted herewith is one set (23 sheets, Figures 1-12) of formal drawings for filing in the above-identified patent application. Kindly substitute the enclosed formal drawings for the informal drawings submitted with the originally filed application.

Applicants respectfully request entry of the amendment.

Respectfully submitted,
